

Nanotechnology

Robotics Bootcamp

FREE

**Students in Middle & High School
Saturday Feb. 27th & March 6th, 2010**

Time: 9am-3pm

Registration after 1/15/10: www.attctraining.org

For info call: 909-382-4068

Location: 114 S. Del Rosa Dr.

San Bernardino CA 92408

The Nanotechnology Academy

The purpose of the Nanotechnology Academy is to introduce students to Nanotechnology and inspire interest in this emerging field of technology. The future is bright for careers in nanotechnology. According to the National Science Foundation, the number of workers involved in the nanotech industry worldwide is expected to soar to two million over the next fifteen years. In addition to civilian careers, there is also great promise within military, space and defense applications.
